Module 1

Programming Assignment

Programming assignments are due by 11:59:59 PM on the day of the next lecture. All programming assignments are graded for clarity and functionality. Your code should be well-organized and include helpful comments where appropriate. Please upload your completed assignment to canvas as a zip file.

In this assignment, you will implement a linear layer in pytorch. Please see details in **linear.py**

Your deliverables for this assignment are:

- A completed *linear.py* file
